Parodia magnifica (cactus en boule)
Les cactus, comme le Parodia magnifica, peuvent vivre de 10 à 200 ans ! Et nous sommes convaincus que les succulentes LEGO® pourraient battre ce record.

Le chevalier des succulentes
L'Echeveria Red Ruby arbore de petits éléments
pyramidaux au bout de ses feuilles, qui ont d'abord
été conçus pour les sets LEGO® NEXO KNIGHTS™.

Le rouge est la couleur de l'amour. Pour la Saint-Valentin, oubliez les roses et optez pour l'Echeveria rouge LEGO® !
